- Loose leaf notebook paper
- Colored pencils
- Red pens (used for self-checking papers)
- Highlighters
- #2 Pencils

Mrs. Davis hdavis@zioneagles.org

Middle School Photography:

One SD-type memory card per student, any capacity. Be sure to purchase regular SD cards and not the micro SD. These can be picked up almost anywhere, often for \$15 or less. I don't recommend an expensive one at this point.

We will have at least 2 DSLR cameras available for student use on campus. If at all possible, it would be excellent if each student had access to a DSLR camera by September. I am most familiar with Nikon, but any DSLR will do; however, if the camera your student brings accepts a memory card other than SD, feel free to email me and let me know.

If you are interested in purchasing an inexpensive DSLR, the website for KEH Camera (keh.com), sells used camera bodies and accessories. Most do not come with lenses, so lenses will have to be purchased separately. Again, email me if you have questions or call their 1800 number and have someone walk you through it.

Also, if you are able to purchase a Nikon Camera body that accepts a **Nikon F Mount D Type lens**, we should have 2 of those available in class.
